

WHAT DOES HOOSIER HILL FARM HORMONE FREE PRODUCT MEAN?

Hoosier Hill Farm Hormone Free Dairy Product means the product comes from cows that are free of rBGH and rBST.

Therefore all **Hoosier Hill Farm Hormone Free** products will meet the following criteria:

- 1) 100 % of the product comes from hormone free cattle, in many cases sourced locally in the Midwest or from our co-op.

In order for Hoosier Hill Farm to insure that its product is, in fact, Hormone Free, we perform the following steps as part of our Standard Operating Procedures regarding the labeling of Hormone free product.

- 1) All product sources are required to present a farmer statement of Hormone and steroid free cattle by our farmers. This certification is verified to ensure product, as received in our facility is Hormone Free.
- 2) All product sources are required to present a farmer statement of antibiotic free cattle by our farmers. This certification is verified to ensure product, as received in our facility is free of antibiotics.

Thank you for being a Hoosier Hill Farm Customer !
